Dear Dyanne

Re: Application 1/07/1974/F – Erection of a free range poultry building and formation of vehicular access, land at Ripletts Farm, Cleestanton

Thank you for your consultation on this application. The Shropshire Hills Area of Outstanding Natural Beauty Partnership has no objections to this proposal. However, we would like to make the following recommendations to minimise the impact of this development on the Shropshire Hills AONB, should approval be granted;

1. The roof of the poultry shed and the feed hoppers should be constructed from a non-reflective material and be dark coloured.
2. The height of the feed hoppers should not exceed the height of the poultry shed.
3. The application site contains a short section of public footpath between 'Langley' and Cleedownton. It is important that this is not obstructed by the temporary electric fencing used in the paddock rotation system.

Yours sincerely

Joy Tetsill
Planning and Policy Officer
For the Shropshire Hills AONB Partnership
