18 December 2009

Dear Martin

**Planning Application Ref 09/03355/FUL Erection of free range poultry shed and associated works, Ripletts Farm, Cleestanton**

Thank you for the consultation on this application. **The Shropshire Hills AONB Partnership would like to object to this application.** We have sought the views of the 38 organisational and community members of the AONB Partnership on this application, and this objection is endorsed by the balance of views expressed.

Our objection is based principally on the visual impact of this large scale building, especially in combination with the existing recent building. We would judge this development to be not in accordance with saved policies in force in relation to development in the Shropshire Hills AONB. We also have concerns about other impacts including likely increased traffic as a result of the development.

Yours sincerely

Phil Holden  
AONB Partnership Manager

On behalf of the Shropshire Hills AONB Partnership
